Everman ISD is pleased to announce classes for parents and their 3 year old children. We would be honored if you could publish the details given below.

The parents and children will be rotating through three 30 minute stations:

1. The Speech Therapist will be demonstrating activities to encourage language development with a group of parents and children.
2. The Early Childhood Coordinator will be demonstrating simple and inexpensive activities to do at home with a group of parents and children.
3. The parents will be in a training session while their children are doing an activity in the same room. The parent topics for this third group include discipline, nutrition, immunizations, preparing your child for school, and requirements to enroll in Pre-K.

Parents from EVERY Everman elementary campus as well as parents of 3 year olds from local day care centers or homes are invited to attend all sessions! We would also like to extend the invitation to teachers of 3 year olds from local day care centers or homes. The following schedule is set for the Parent and 3 year old Child Learning Sessions:
